CANALYS REPORT

'PC shipment in India hits 5-yr high of 4.1 m units in Q2'

PRESS TRUST OF INDIA New Delhi, September 8

PC SHIPMENT IN India hit a fiveyear high to about 4.1 million units in the June 2021 quarter, growing at 42.7% year-on-year, according to research firm Canalys.

The 4.1 million shipments included over 2.4 million notebooks, about 5,15,000 desktops, more than 1 million tablets and 54,000 workstations, Canalys said in a report.

"Almost all categories grew by double-digit percentages year on year, mainly due to a lacklustre performance in Q2 2020, when the entire country was under lockdown, braving the first wave of COVID-19. Shipments of notebooks, the largest category by volume, grew 43% over Q2 2020," it added. Tablets also had one of the best quarters since 2016, with 52% year-on-year shipment growth, while desktop shipments were up by 23 per The 4.1 million shipments included over 2.4 million notebooks, about

The report said HP maintained its leadership position with a 26% market share - as its shipment grew 54% year-onyear in the June 2021 quarter.

Lenovo and Dell followed in the tally with 20.5% and 12.8% market share, respectively, in the said quarter.

"Samsung finished fourth, thanks to its strong tablet business. It grew shipments by a massive 134% year on year.

Samsung is uniquely positioned to benefit from the cost-conscious device procurement happening across India to support multiple government and educational institutions," the report said. Canalys said it expects Samsung to benefit from the drive to remote learning and its connected tablets will be at the forefront of this seismic shift in

Spike in Covid cases connected to higher humidity during rains

GEETA NAIR Pune, September 8

THE SPIKE IN new Covid cases in Mumbai and Delhi could be linked to the humidity factor. Apart from an increase in cases during the unlocking period, there was a significant correlation observed between humidity and Covid cases in these two cities by researchers at the Indian Institute of Tropical Meteorology (IITM) Pune.

According to Gufran Beig, scientist and programme director of SAFAR at IITM, this was the first of its kind study done in the country while similar studies have been carried out in US and Europe. Beig and his team of researchers at IITM have observed a link between high humidity during the monsoon and a spike in Covid cases in these

Pune and Mumbai account for around third of the Covid-19 cases till date in Maharashtra. The state has reported 64.89 lakh Covid cases, while Pune ac-

counts for 11.24 lakh cases and Mumbai another 7.46 lakh. Total Covid deaths in Pune have been at 19,305 and in Mumbai at 15,998.

"As the virus in India during 2020 largely travelled with droplets, the association with absolute humidity in the dry regions has serious implications. Clarity in understanding the impact of seasonality will greatly help epidemiological research and in making strategies to control the pandemic in India and other tropical countries around the world," the study notes.

Beig along with Vrinda Anand, Nikhil Korhale, Suvarna Tikle and Mahender Singh Rawat have presented a paper that examines whether meteorology was a factor to the Covid-19 spread in tropical climate. The IITM study examined

the impact of the meteorological parameters during summer and monsoon season of 2020, in different Indian mega cities having a distinct climate and geography.

UK, India in 'sweet spot', says Britain's trade minister

PRESS TRUST OF INDIA London, September 8

THE UK AND India are in a "sweet spot" of global trade dynamics as negotiations for a free trade agreement (FTA) begin in the coming weeks, according to Britain's trade minister in charge of the bilateral talks.

Liz Truss, UK secretary of state for international trade, revealed that the public consultation process ahead of the trade negotiations attracted "huge interest" from businesses across the UK and its completion last month means that FTA negotiations can now begin. Addressing a special recep-

tion hosted by the Lord Mayor of London to celebrate the UK-India Economic Partnership on Tuesday evening, the minister confirmed that both sides will "hammer out" the details during the upcoming visit of commerce and industry minister Piyush Goyal to the UK and Eu rope next week.
